# PRESIDENT'S MESSAGE

## Raju Shah

Managing Trustee

It is with great pleasure that I present the Annual Report for the year 2024–25.

Our lush 12.5-acre campus continues to flourish, with expanding plantations, manicured lawns, and the recent addition of a greenhouse for cultivating organic vegetables. The serene, green environment is steadily enhancing the quality of life for our residents.

Over the past three years, our management team has worked tirelessly to help residents move from dependence to independence, and now toward a life of greater autonomy. We are beginning to see meaningful outcomes—residents are increasingly engaged in productive work and cultural activities, bringing renewed joy and purpose to their lives.

Inspired by this progress, we are launching a new Training Centre dedicated to preparing young individuals (aged 15 to 25) for fully independent living. The program will include life skills and vocational training tailored to each person's abilities, with training durations ranging from three months to one year. The goal is to equip them to find suitable jobs near their homes and lead dignified, self-reliant lives.

We remain committed to providing the highest standards of care. One ongoing challenge has been staff turnover, largely due to lack of accommodation. To address this, we have started constructing a multi-storey residential facility for staff within the campus. This ₹6.5 crore project is expected to be completed by the end of 2025.

We have also begun building two new blocks for female residents and a roadside shop-cum-café. This café will serve a dual purpose: providing training in retail and hospitality to our residents and generating income to support our initiatives. These new facilities are expected to be ready by July 2025.

Last year, we appealed for contributions to the Ashram Nivasi Fund, which helps support residents whose families are unable to afford full fees. We are humbled by the generous response, especially the ₹1 crore donation received from the Late Sarojben Dalal Trust, through their executor, Advocate Mihir Thakore. We extend our heartfelt gratitude for this extraordinary support.

To all our donors—thank you. Your unwavering faith and generosity inspire us to do more and do better, every day. We warmly invite you to visit this peaceful haven, meet our dedicated team, and witness the transformation taking place here.

Our sincere thanks to all donors, trustees, members of the advisory and medical committees, and especially to our devoted staff. We are also grateful to the parents and guardians for their trust, encouragement, and continued support.

**Come forward,  
together let  
us complete  
this spiritual  
journey...**

# HISTORY AND CONCEPT

## Historical Perspective

SOCIETY FOR THE WELFARE OF THE MENTALLY RETARDED was established in 1968 and it was the first group of parents that enrolled their children with us.

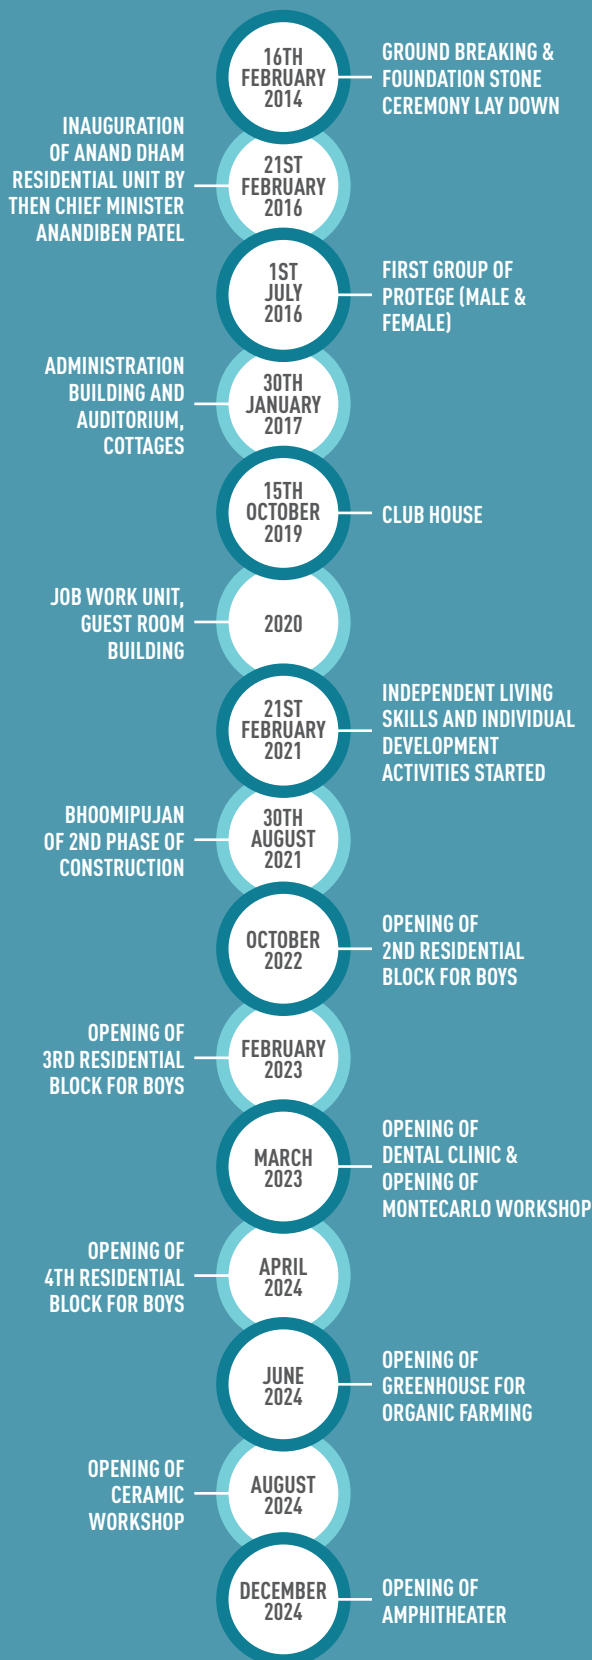

The aim of the association was to comfort the parents and answer their question **'Who will take care of our children after us?'**

To fulfil parents' concerns AASTHA CHARITABLE TRUST FOR THE MENTALLY CHALLENGED was formed with the mission to provide a dignified life and qualitative care through a residential 'HOME' for the persons with intellectual and developmental disabilities through community mobilization and parents' partnership. The assisted living facility was inaugurated on 21st February 2016 by the then Chief Minister of Gujarat, Anandiben Patel. This place has become famous as 'Anand Dham' - an Abode for Persons with Intellectual Disabilities. It is a green belt of 12.5 acres in Aadroda village, Ta.: Bavla, Dist.: Ahmedabad.

## ABOUT ANAND DHAM

Anand Dham is a residential resort for God's chosen ones. The home is built for intellectually challenged individuals who need special care, at an age when they need to be looked after for a longer duration by being under someone's constant supervision. It has an abundance of nature around for the individuals to get acquainted with, while we provide them with adequate physical and stimulating activities, and engage them in a safe, secure premise. Anand Dham's endeavour is to offer the intellectually challenged individuals a quality of life that their aging parents want them to enjoy after they are gone. We offer group accommodation or cubical units and several other residential options that include supervised and independent living. Along with our residential program, we also offer basic training in life skills. Our goal is to provide quality services by offering and training individuals on a one-to-one basis for meaningful, skillful, and competitively paid jobs in the organization. We provide various vocational opportunities so that everyone can be trained according to their needs and can be given the opportunity to choose the type of job they are interested in.

As a parent or guardian, I feel totally relaxed about my brother staying in the holy arms of Ananddham.

### **Asha Pradhan** (Sister of Kishor Hassija)

Whenever there is change in his medicine, there is utmost care taken by in precise dosage. Its commendable of how much effort team of Ananddham puts in.

### **Yogeshbhai Maharaja** (Brother of Paresh)

Paresh listens to the conversation with more attention and has been sharing his stuff now. It proves that his insecurities for the material things are going away.

### **Minal Desai** (Mother of Dhaval)

મારો ટિકરો આનંદ ધામના વાતાવરણમાં ખુબ જ સરસ સેટ થઈ ગયો છે. હવે તેની તબિયત પણ ખુબ સરસ રહે છે અને હંમેશા પ્રસન્ન રહે છે. ફોન પર હંમેશા 'મઝામાં છું, મને અહીં બહુ જ ગમે છે.' આપુ સાંભળીને એક માંલુ મન ખુબ જ સંતોષ પામે છે. ટૂંકમાં આનંદ ધામ મારા ટિકરા ઘવત માટે બીજુ ઘર છે.

### **Namitaben Pathak** (Sister of Anitaben)

My sister Anita Pathak feels very much at home there and is very happy. The best part about this institution is that the residents live with dignity and self respect.

### **Jyoti Shah** (Sister of Rakesh and Kaushik)

Thanks to the care and attention given to Rakesh when he was unwell by each and every member of the staff, he recovered quickly and is now in an extremely comfortable zone.

### **Rupali Pamnani** (Sister of Divya)

Over the years I have found Divya to have gotten less agitated and calmer in general. Her physical health and hygiene have significantly improved. She seems well adjusted and comfortable. I humbly thank Ananddham team."

### **Ashok Joshi** (Mama of Vikram)

## MESSAGE

### **Bakul Parmar**

General Manager

Ananddham has always been in the heart of me since I joined in 2021. I am fortunate to have a dedicated team who work day and night to uplift the lives of our residents in Ananddham. Their knowledge and skills helped all residents to accept that Ananddham is their home away from home.

When we get new admission for Ananddham, residents come with different problems. We know, they are not children and have different behavioral problems in their adulthood. Our team works on these issues and helps them to adjust to a new place.

Those who were hyperactive and were not able to sit at one place for more than 5 minutes, now are engaged in productive activities and work for a long time.

Those who were abusive, are now stopped using abusive language and follow the instructions.

When Pranay enrolled in Ananddham, he did not want to stay and tried to run away. Today, he completed 2.5 years and does not want to go home.

A few years ago, Vandana was not willing to work for an hour. Today she works in our khakhra project and leads other girls. She leads other girls in the project.

Swetaben is the first person for any guest or visitor in Ananddham. Her hospitality amazes all the visitors. Jainam also has taken a lot of responsibilities in Ananddham and looking after many residents in the campus. Both mother and son are part of Ananddham family and happily living their lives.

It is a matter of pride for us that our seven residents are working outside of the campus in a panipuri factory with other employees.

Generally, society believes that intellectually challenged people are a liability to society. We in Ananddham are working hard to change this belief and to prove that they can be assets if we provide them with suitable opportunities.
