# PRESIDENT'S MESSAGE

## Raju Shah

Managing Trustee

We are glad to publish this Audited Annual Report for Financial Year 2021-22.

After several ups and downs, the year 2021-22 has finally relaxed from lock down and the effects of the COVID-19 virus. However, the second and third waves have adversely affected the functions of many organisations including Anand Dham. We are thankful to all our valued and respected donors and well-wishers for their love, affection and sensitized mind, which has been a constant source of motivation for us in our journey of developing this temple of humanity ANAND DHAM – an abode for the person with intellectually disabled.

Since we completed the first phase of our project, today we have 69 people staying with us and happily enjoying their lives. Considering the needs of the society, we have completed Bhumipujan of our second phase of construction on 30th August 2021. The second phase of construction will include two blocks of residents and workshop space. The latter will be a place for them to learn different prevocational activities. A campus has been developed with lush-green resort-like infrastructure. To sustain for the long term, we have already developed a professional organizational structure driven by recruiting qualified and experienced staff, guided by one of the trustees Paragbhai Shah.

We invite our donors and well-wishers to visit the site.

We are thankful to all the members of the trust, members of advisory committee and members of the medical board for their support and motivation. We are also thankful to our staff members for their involvement, love & care for our beloved intellectually challenged individuals.

Come forward,  
together let  
us complete  
this spiritual  
journey...

# HISTORY AND CONCEPT

## Historical Perspective

SOCIETY FOR THE WELFARE OF THE MENTALLY RETARDED was established in 1968 and it was the first group of parents that enrolled their children with us.

The aim of the association was to comfort the parents and answer their question 'Who will take care of our children after us?'

To fulfil parents' concerns AASTHA CHARITABLE TRUST FOR THE MENTALLY CHALLENGED was formed with the mission to provide a dignified life and qualitative care through a residential 'HOME' for the persons with intellectual and developmental disabilities through community mobilisation and parents' partnership. The assisted living facility was inaugurated on 21st February 2016 by the then Chief Minister of Gujarat, Anandiben Patel. This place has become famous as 'Anand Dham' - an Abode for Persons with Intellectual Disabilities. It is a green belt of eight acres in Aadroda village, Ta.: Bavla, Dist.: Ahmedabad.

# ABOUT ANAND DHAM

Anand Dham is a residential resort for God's chosen ones. The home is built for intellectually challenged individuals who need special care, at an age when they need to be looked after for a longer duration by being under someone's constant supervision. It has abundance of nature around for the individuals to get acquainted with, while we provide them with adequate physical and stimulating activities, and engage them in a safe, secure premise. Anand Dham's endeavour is to offer the challenged individuals a quality of life that their aging parents want them to enjoy after they are gone. We offer group accommodation or cubical units and several other residential options that include supervised and independent living. Along with our residential program, we also offer basic training in life skills. Our goal is to provide quality services by offering and training individuals on a one-to-one basis for meaningful, skilful, and competitively paid jobs in the organization. We provide various vocational opportunities so that everyone can be trained according to their needs and can be given the opportunity to choose the type of job they are interested in.

## MISSION

To provide a residential 'HOME' for individuals with Intellectual and Developmental Disabilities by providing them dignified life and qualitative care through community mobilization and parents' partnership.

## VISION

People with Intellectual and Developmental Disabilities (IDD) enjoy a quality of life like everyone else. The living environment enables them to follow their dreams and ambitions.

## BIRTHDAY CELEBRATION

We celebrate group birthdays on the third Saturday of every month... Last year, due to the pandemic, it was difficult for us to celebrate birthdays. But this year we were able to celebrate everyone's birthday with individual cakes. We have also started inviting guests to celebrate birthdays on campus and share their happiness with our "children". This has created a huge success in changing the mentality of the society that these angels are also a part of our society. On the other hand, our "children" are also happy to meet new people on the campus. It gives them a feeling of inclusivity by the society.

## VACCINATION DRIVE

COVID-19 had affected the whole country and we were not spared either. We faced a tough time during the first and second waves of COVID-19 and since then we have started taking preventive measures to save everyone from this pandemic. With the support of a nearby primary health centre, all our residents and staff members completed the first and second doses of the COVID-19 vaccine. We are now discussing with the primary health centre to give booster dose to our residents above age 60.

## INCOME GENERATING ACTIVITIES

Although our residents are intellectually disabled, many of them are productive and have got prevocational training during their childhood. We do not want them to be idle and become lazy. We try our best to give them activities according to their abilities. And therefore, many of them are engaged in Diya making, Thermocol and paper cutting and paper bowl and dish making activities. We make sure that they work under supervision to protect themselves from any hazards. Income raised from the products are shared equally between our residents.

## INTERNATIONAL DAY FOR PERSONS WITH DISABILITIES

December 3 is observed as the International Day for People with Disabilities. We organised sports day for our residents and encouraged them to participate in each game. Simple games like lemon-spoon and soft ball throw was organised for our residents. Everyone was given a prize at the end of the event.

## CLEANLINESS DRIVE

Cleanliness is one of the most important parts of the Anand Dham campus. We always keep our campus clean and green. Although we have enough staff for this, we always involve our residents in cleanliness activities to teach them the importance of cleanliness in our life. Periodically we also organise cleanliness drives on campus and encourage our residents to take part in this activity. The main area of this activity is their rooms and garden. We teach them how to keep their rooms clean so that they can live in a healthy environment.

## TREE PLANTATION

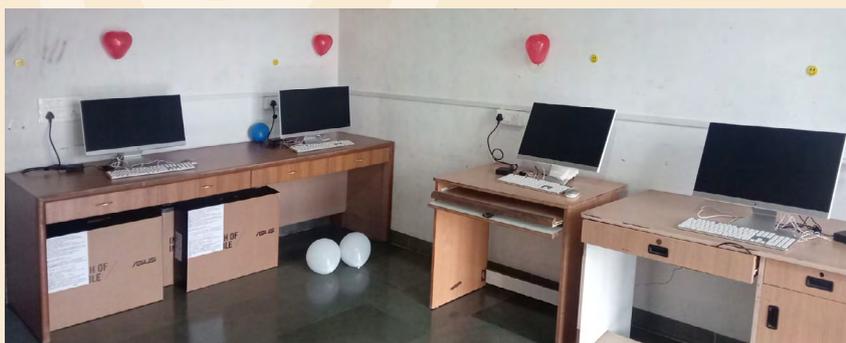

We teach our residents to take care of our mother nature. And therefore, we regularly organise tree plantation activities during their birthdays. Residents take responsibility to look after the plants and water them every day. We have also put bowls in our campus for water and food for birds. This year, Voluntary Nature Conservancy donated us nests and earthen bowls for sparrows.

## NATIONAL FESTIVALS CELEBRATION

Anand Dham celebrated Republic Day and Independence Day on campus. We invited the Sarpanch of Aadroda village as our guest for the flag hoisting ceremony. We remembered our rights and responsibilities as Indian citizens and pledged to sacrifice our life for India.

## INAUGURATION OF COMPUTER CENTRE

On December 3, 2021, a computer centre was inaugurated on campus. There are some residents who can operate the computer and learn basic skills. This centre has become very useful to them as they can play games, watch videos, and draw pictures.

## INTERNATIONAL KITE FESTIVAL

On January 16, 2022, Anand Dham organised International Kite Festival on campus to entertain the residents. A team of international kite flyers agreed to organise the kite festival with our residents to make them happy. They brought different types of kites and flew in the sky. Many of our residents saw these kites for the first time in their life.

## CAREGIVERS TRAINING FOR STAFF MEMBERS

To update the knowledge of our caregivers of Anand Dham, we organized a training session for two days for the Caregivers December 29-30, 2021 with the support of the Blind People's Association. Nandini Raval and Vimal Thavani shared their knowledge with our caregivers.
